A.T.T. Center organises the flight, transfer from/to the airport in Kenya, local food and lodging and the placement for voluntary social work. In coordination with the volunteer, A.T.T. Center can also organise the transport between lodging and work.

The costs for the flight, food and lodging will be borne by the volunteer. The volunteer shall also ensure appropriate health and accident insurance cover for the duration of the stay in Kenya. Upon request, A.T.T. will help the volunteer to obtain the necessary insurance cover.

Persons travelling Kenya need a visa. Visas for up to 3 months are available at the airport upon arrival; for longer stays, visa applications must be filed with the relevant Kenyan embassy. We recommend to apply for the visa in advance in your country of origin. We will be happy to assist you with the formalities.

To prepare for the time in Kenya, volunteers will attend a course (2 evenings + 1 Saturday or Sunday) in order to familiarise themselves with local customs, habits and peculiarities. In addition, introductory courses in Swahili language are available on request.
